

Privacy Policy of <https://buidler.etherspot.io/> ('The Website') understands that your privacy is important to you and that you care about how your personal data is used. We respect and value the privacy of everyone who visits this website, <https://buidler.etherspot.io/> and will only collect and use personal data in ways that are described here, and in a way that is consistent with our obligations and your rights under the law.

This Website may collect some Personal Data from its Users via Cookies.

We may update this Privacy Policy from time to time, as detailed below. You should not use the website or our services if you have any objections to our Privacy Policy, which are binding upon all users of the website. If you do not agree with the terms set forth in this Privacy Policy, please do not enter the website.

Personal Data collected for the following purposes and using the following services:

Analytics

Google Analytics, Google Analytics with anonymized IP and Facebook Ads conversion tracking (Facebook pixel) — Personal Data: Cookies; Usage Data.

We use Hotjar in order to better understand our users' needs and to optimize this service and experience. Hotjar is a technology service that helps us better understand our users' experience (e.g. how much time they spend on which pages, which links they choose to click, what users do and don't like, etc.) and this enables us to build and maintain our service with user feedback. Hotjar uses cookies and other technologies to collect data on our users' behavior and their devices. This includes a device's IP address (processed during your session and stored in a de-identified form), device screen size, device type (unique device identifiers), browser information, geographic location (country only), and the preferred language used to display our website. Hotjar stores this information on our behalf in a pseudonymized user profile. Hotjar is contractually forbidden to sell any of the data collected on our behalf.

For further details, please see the 'about Hotjar' section of [Hotjar's support site](#).
